

# Fall 2009 Dance Academy

Dear Parents and Future Dancers,

At this time we are pleased to welcome our 8th year at the Lower school. We will be offering instruction in Hip Hop, Creative Movement, Ballet and Jazz. Classes will be offered to children in grades PK thru 5th grade. All classes will be held in the Hamlet gym at the Lower School. Classes will be held Monday through Thursday. Class size will be limited to 10 children per class and on a first registration bases. The children will be given one 45 minute class per week. The cost of the classes will be \$68 per month with 3 months in a session for a total of \$204 per session. Payment will be made to: **Detroit Country Day School**. All students registered with the Academy will perform in a recital May 11th. The classes will begin September 14th. We hope you will take advantage of this opportunity to have your child participate in our dance program.

### ABOUT THE PROGRAM

Our program will encourage the childrens' awareness of their bodies by developing coordination, strength, flexibility, imagination and musicality. Every child benefits from quality dance training, even though he or she may ultimately choose another career path. In dance, children learn the cooperative teamwork necessary to produce a high quality work of art. They develop creative thinking skills and the ability to push themselves to higher achievements. They learn about music and rhythm, and are introduced to the French language in ballet. They encounter spatial relationships and must think with both sides of their brain while learning to dance. All these skills will enhance your child's academic performance, as well as their physical well-being. Self-confidence and self-esteem continue to develop as a young person conquers new movements and grows more certain of his or her ability to apply themselves, work hard, and master any task put before him or her.
